

AGC Earns Intel's 2026 EPIC Supplier Award

- AGC is one of only 41 Intel EPIC Supplier Award recipients in all of Intel's global supply chain -

Tokyo, April 16, 2026 – AGC (AGC Inc., Headquarters: Tokyo, President: Yoshinori Hirai), a world-leading manufacturer of glass, chemicals, and high-tech materials, is proud to announce that it has earned the exclusive Intel EPIC Supplier Award for 2026. This award recognizes the top performers in the Intel supply chain for their world-class commitment to continuous improvement and performance excellence over the past year. Among thousands of suppliers worldwide, AGC was selected as one of only 41 companies to receive the 2026 Intel EPIC Supplier Award.

“Our 2026 Intel EPIC Supplier Award recipients reflect the strength of Intel’s global supply chain and the trust we’ve built together. Their partnership, focus on quality, and commitment to continuous improvement help us deliver for our customers every day,” said Lip-Bu Tan, chief executive officer of Intel. “I want to thank this year’s honorees for their collaboration, resilience, and the high standards they bring to our industry.”

The Intel EPIC Supplier Award recognizes the top performers in the Intel supply chain for their dedication to “EPIC” performance—Excellence, Partnership, Inclusion and Continuous Improvement. Of the thousands of Intel suppliers around the world, only a few hundred qualify to participate in the EPIC Supplier Program.

To qualify for the Intel EPIC Supplier Award, suppliers must exceed the highest expectations and achieve aggressive strategic objectives aligned to Intel’s priorities.

The AGC Group will contribute to the creation of an innovative future society, it is, the creation of "Innovation", by providing materials and solutions that support the world's most advanced technologies, with the technology and trust it has cultivated since its founding.
